Objet : NEW course Introduction to R - Uni Fribourg 6-8 January 2016

For information: to PhD students registered in the Interuniversity Doctoral Program in Organismal Biology

Introduction to R - University of Fribourg

6-8 January 2016

1 ECTS (research tools, external)

If you want to attend this course (see attachment), please send an email to Prof. Sven Bacher (in copy).

The doctoral program will reimburse your train expenses (2nd class 1/2 tarif) from University of Neuchâtel (or your home university) to University of Fribourg, if and only if you receive an attestation with ECTS (complete the reimbursement form, add train tickets and send it with the request external ECTS form to be found on the web site).

Best regards,
Christiane

Dr. Christiane Bobillier

Université de Neuchâtel

Coordinator

Interuniversity Doctoral Program in Organismal Biology & Doctoral Program in Molecular Sciences in the Context of Life and Material Sciences
