

UNIVERSITÉ DE  
NEUCHÂTEL

The University of Neuchâtel, Switzerland,  
invites applications for a position of

## **Full professor of environmental chemistry of the critical zone**

**Description of position:** The successful candidate will teach courses at the Bachelor and Master's levels (7 hours/week throughout the academic year) at the Faculty of Science. He/she will also supervise PhD dissertations at the Institute of Chemistry. He/she will conduct high-level research in environmental chemistry of the critical zone, using state of the art analytical techniques. We particularly encourage applications with an experimental research approach at the soil-water interface with the biosphere, as such research complements existing strengths within the faculty and hence will allow the development of collaborations. Courses are taught in French (BSc) and English (MSc), requiring a commitment to obtain sufficient fluency in French within one year.

**Start date:** 1<sup>st</sup> of August 2022 or upon agreement.

**Required qualifications:** PhD degree in chemistry, internationally recognized research and funding record in environmental chemistry and strong teaching skills.

**Application Submission Date:** 8<sup>th</sup> October 2021.

Applications should be uploaded at [www.unine.ch/candis](http://www.unine.ch/candis) (ref. FS-CEZOC) in the form of a single PDF file, including a letter of motivation, a CV documenting full teaching and research experience, a list of publications, copies of diplomas and a list of experts able to assess the candidate's competence (with at least three names). The candidate is also invited to present a statement (three pages max.) of teaching and research interests, his/her scientific approach to the domain, and projects that he/she intends to undertake at Neuchâtel.

Further information can be obtained from the President of the Hiring Committee, Prof. Stephan von Reuss ([secretariat.chimie@unine.ch](mailto:secretariat.chimie@unine.ch)) or the Dean ([doyen.sciences@unine.ch](mailto:doyen.sciences@unine.ch)), as well as on the site [www.unine.ch/sciences](http://www.unine.ch/sciences).

The University of Neuchâtel is committed to provide non-discriminatory working conditions.
